

## Raven Flight

Nomans Land

The eye of black will mirror the sea  
The wing will write runes in the sky  
The saga about the warrior who gave  
A drink of his blood to Drakkar

Grim's bird! Can you see  
Warrior lies on the shield  
Grim's bird! Can you hear  
A sea dragon's cry for the killed

One flap of the wing - and the black arrow  
Is leading the ship again  
One flap of the wing - and the cry of the raven  
Is waking the one who is slain

The flight of Odin's bird is writing  
Runes in the Northern sky  
The flight of the raven sends black arrows  
Piercing the stormy night
