

# Boys Don't Cry

NoMBe

It seems we lost all engines for a couple of days  
So let's I celebrate us aimlessly floating through space

In a mans world there's  
No time to quiver or unwind  
You get hurt, you take 5  
Keep what you feel inside

Boys don't cry  
Boys don't cry  
Boys don't cry  
Boys don't cry

We keep drifting further now  
The longer we wait  
With our heads turning  
Trying hard not to faint

In this mad world there's No time to shiver all night  
Tough love, you take 5 keep what you Feel inside

Boys don't cry  
Boys don't cry  
Boys don't cry  
Boys don't cry

Mmmmh baby tell me that you're mine  
Tell me you won't leave me stranded high and dry

Boys don't cry  
Boys don't cry  
Boys don't cry  
Boys don't cry
