

# Boys Like Me

NoMBe

Don't fall in love with boys like me  
Don't fall in love with boys like me  
Cause I'm not in love babe  
And never will be  
So don't fall in love with  
Don't fall in love with  
Boys like me

Ayy, uh uh  
You don't wanna end up with a broken heart  
No way, babe, cause in my world  
You will be nothing but a lonely girl so  
Just know that I'm not here to stay  
So don't fall in love with  
Don't fall in love with  
Boys like me

Say that I'm the one that you found it  
But girl don't put your money where your mouth is  
Say we can work it out, but I doubt it  
Happy ever after, I can do without it  
Can't you see  
Through this world of make believe  
Save your time and energy  
For somebody you can keep

Don't fall in love with boys like me  
Don't fall in love with boys like me  
Cause I'm not in love babe  
And never will be  
So don't fall in love with  
Don't fall in love with  
Boys like me

Ayy, uh uh  
You don't wanna end up with a broken heart  
No way, babe, cause in my world  
You will be nothing but a lonely girl so  
Just know that I'm not here to stay  
So don't fall in love with  
Don't fall in love with  
Boys like me

Screaming at the world that you found love  
But maybe we should keep it on the down low  
The grass is always greener when it's home sown  
But even if you water it, I'm telling you it won't grow

What you need  
Is someone who still believes  
And with time, good night sleep  
You'll be fine eventually

Don't fall in love with boys like me  
Don't fall in love with boys like me  
There's no reason to love me  
Probably never will be

And don't you forget it  
It's such a shame, such a  
Such a, what  
Such a shame, such a shame  
Such a, what  
Such a shame, such a shame  
Just know that I'm not here to stay  
So don't fall in love with  
Don't fall in love with  
Boys like me
