Run Wild

NoMBe

Run wild
I'm on a mission and I won't stop
No destination but it's worth a shot
You gotta let me go
You gotta let me go
You gotta let me go
Run wild
I'm on a mission and I won't stop
No destination but it's worth a shot
You gotta let me go
You gotta let me go
You gotta let me go

You gotta let me go
You gotta let me go
You gotta let me go

Ready for war I got my armor gear
Sharpen your swords cuz the time is near
Gotta do it big like Bon Iver
I'm a rockstar on a chandelier
Off the walls, yeah I'm about to go crazy
Free the beast, ain't nobody that could tame me
What a thrill, always seems to amaze me
In the forest with the youth and they're raving
Dancing non-stop til the break of dawn
Sheriffs come around prolly best to run
Fire in my eyes, can't catch me now
Cuz I'm young and numb tryna have some fun
Don't judge me, you only live once
Homies in the back so we gotta live it up
Party in the lake everybody get in now

Run wild
I'm on a mission and I won't stop
No destination but it's worth a shot
You gotta let me go
You gotta let me go
You gotta let me go
Run wild
I'm on a mission and I won't stop
No destination but it's worth a shot
You gotta let me go
You gotta let me go
You gotta let me go

Cannonball
Please out of my way
No rules in the wild, it begins
Naive so a L is a win
Got a grin on my face, and we're off to a race
Going fast and we never slow down
Head to head we go pound for pound
Time to wreck the town, take the mob downtown, cops
Get down down down

Running miles and running and

```
I'm loving all the bruises
Running miles and running wild
I'm chuggling like I'm fueling
Houston, telling that I'm coming up I'm cruising
Space boost coming loose but all I feel is music
Like nah nah nah nah never, look back
Nah nah nah nah, so never look back
Like nah nah nah nah, never look back
Nah nah nah nah, don't you ever look back

Run wild
I'm on a mission and I won't stop
No destination but it's worth a shot
You gotta let me go
You gotta let me go
You gotta let me go
Run wild
I'm on a mission and I won't stop
No destination but it's worth a shot
You gotta let me go
You gotta let me go
You gotta let me go
```
