

# Signs

NoMBe

You might finna get left out here  
Better put that act on a leash  
Ooh, this might sway way out of control  
Your new strut A-  
list mentality, your plan for the end of the week  
Ooh, won't get no higher than low

Woo-ooh-ooh-ooh  
You're blowin my mind  
Don't know what to do  
Hey, baby, way to wave those signs  
Oh-oh, oh, oh  
You already know  
I can't let you go  
Baby, I hate to disappoint  
But you're making it hard to be loved  
Yea, yea

You may say as the years go by that there ain't no better  
Around  
Mmh, but you bleed like everyone here  
Silly way to appraise ideas, in the name of fake ideals  
Ooh, has your brain caught up to you know?

Woo-ooh-ooh-ooh  
You're blowin my mind  
Don't know what to do  
Hey, baby, way to wave those signs  
Oh-oh, oh, oh  
You already know  
I can't let you go  
Baby, I hate to disappoint  
But you're making it hard to be loved

Oh, my God  
Never wanna fall in love  
Ain't nobody quite like me  
Even when the room gets dark  
Oh, my God  
Never wanna fall in love  
Ain't nobody quite like me  
Even when the room gets dark  
Nah-nah, nah, nah
