

Young & Reckless

NoMBe

Ok, so ice cold when I touch down
If you don't know better ask around
Fellas get jealous cause I'm young & brown
And dem girls get wet when we come to town
And no I ain't a playa but I bounce around
Put her in the grass and then mow it down
Water these plants every couple hours
I'm the poolboy and I brought the towels
Might take your queen and then wear your crown
Hold on to both till I wear it out
Looks good on me, take a selfie now
But I promise to tag you on Instagram
Like damn...
Anythings allowed, I'm a gentleman and I buy her gowns
Full of life with a full allowance
And I'm full of rounds for you foolish clowns like

Can't no man ever hold us down
We came to get it like ol' Leroy Brown
Man I fear no pressure
No I fear no pressure
Man I feel no pressure
Stay stay living young and reckless singing
Full moon brought the werewolves out
The smell of blood on a fearful crowd
Man I fear no pressure
No I fear no pressure
Man I feel no pressure
Stay stay living young and reckless

Girl you better get that body right
Cuz I'm coming home tonight
On the highway doing 95
Screaming fuck a 9-5
And that pussy so good
Gunna make a nigga catch a homicide
Say you got friends, I got friends too
We could have a party in your bedroom
Imagine me you and Hennessy
Mixed with weed that's the remedy
Cuz that's how you start a family
Or some might say it's more
Like therapy
Well ion give a fuck cuz I'm living my life
Mix the liquor with the sprite
Put the weed up to the light
All my brothers say yeah
If you living life with no fear
Someone said the cops outside
Boy do it look like I care

Can't no man ever hold us down
We came to get it like ol' Leroy Brown
Man I fear no pressure
Man I feel no pressure
No I fear no pressure
Stay stay living young and reckless singing

Full moon brought the werewolves out
The smell of blood on a fearful crowd
Man I fear no pressure
No I fear no pressure
Man I feel no pressure
Stay stay living young and reckless
