

Theresa, Give Me That Knife

NoMeansNo

Can you picture me standing there?
I see it
Can you picture me way up there?
I see it now
My whole life
I see it now
My whole damn life

Teresa, what would you die for?
What would you die for?
What would you die for, Teresa?
What would you die for?

Teresa, give me that knife
Give me that knife
Teresa, give me that knife
Give me that knife
Teresa

Can you picture me
There?
There
I'm almost there
I'm almost there
I'm almost there

Teresa, what would you die for?
What would you die for?
What would you die for, Teresa?
What would you die for?

Teresa, give me that knife
Teresa, give me that knife
Teresa, give me that knife
Teresa, give me that knife
Teresa
