

## potentially the interlude

Noname

People say they love you but they really love potential  
Not the person that's in front of them, the person you'll grow into  
People say they love you but they really love potential  
Not the person that's in front of them, the person you'll grow into  
People say they love you but they really love potential  
Not the person that's in front of them, the person you'll grow, mmh

Yo, if you were just a little bit more pretty  
Wrote a bit more like Kenny  
You'd have a life worth living  
You would be a happy one  
You would be a happy one  
You would be a happy one  
You would be a happy

Uh, if you were just a little bit more pretty  
Wrote a bit more like Kenny  
You'd have a life worth living  
You would be a happy one  
You would be a happy one  
You would be a happy one  
You would be a happy

You think that you know me, your imagination zero  
I could desecrate a dynasty, you flipping through the B-roll  
And the after-matter of the after-footage of the hero  
I'm the villain and the keyhole, I can open up the devil's lock

Knock knock, potential, nobody answers  
Knock knock, potential, I don't give no fuck  
Knock knock, potential, nobody answers  
Nobody answers 'cause I don't give no fuck  
Knock knock, potential, nobody answers  
Knock knock, potential, I don't give no fuck  
Knock knock, potential, nobody answers  
Nobody answers

People say they love you but they really love potential  
Not the person that's in front of them, the person you'll grow into  
People say they love you but they really love potential  
Not the person that's in front of them, the person you'll grow into  
People say they love you but they really love potential  
Not the person that's in front of them, the person you'll grow into

People say they love you  
Yo people say they love you
