

# Restitution

Noname

Baby, am I enough for you?  
Baby, am I in love? Or is it tomorrow  
I left my window all open  
And you were hoping to borrow my time  
I don't want you, I don't want you  
A kiss goodnight was all I needed  
A kiss goodbye was all I needed  
Like you were my forever, ever, ever  
My pretty baby, everything

I'm not a sinner, I just crush a lot  
I can't call my kettle dark 'cause after dark, we fuck a lot  
Kingdom come and crown me happy, Laffy Taffy, inner thot  
This bitch will always ride for you, ride for you  
You silly if you believe me, believe me, yeah, if I need be  
Skinny like you like it, fake titties  
On lovers island, take a dip in my river

You can keep your cup of water  
Though I'm thirsty, I can't take it no more  
I need some restitution, mercy on your soul  
I'm letting you go
