

Dancing (Mumbai Wedding)

NONONO

Now isn't it so funny?
Only a month ago, I didn't even know your name
Now you're at the car park
Warming it up, just waiting for me to get dressed

If our life was a dream, it would be exactly this
If our life was a dream, it would be exactly this

Now we would go dancing
Screw our sorrows in the break of day
Truly romancing
Tonight, we'll get drunk in the name of
Love, love, love
Love, love, love, love
Yeah, yeah
Love, love, love
Love, love, love, love
Yeah, yeah

Now isn't it ironic?
Only a month ago, I couldn't picture your face
Now you're in the bedroom
I can't imagine anyone taking your place

If our life was a movie, it would be exactly this

Now we would go dancing
Screw our sorrows in the break of day
Truly romancing
Tonight, we'll get drunk in the name of
Love, love, love
Love, love, love, love
Yeah, yeah
Love, love, love
Love, love, love, love
Yeah, yeah

When the moon shines bright
When the stars align
And the night is only ours
When the moon shines bright
When the stars align
And the night is only ours
And the night is only ours

Now we would go dancing
Screw our sorrows in the break of day
Truly romancing
Tonight, we'll get drunk in the name of
Love, love, love
Love, love, love, love
Yeah, yeah
Love, love, love
Love, love, love, love
Yeah, yeah
