

Ego

NONONO

I got ego, ego
I got good time, good time
Oh I, I got ego
My generation go
Oh I, I got ego
My generation go
I couldn't let go of good time
I couldn't let go of fun
I couldn't let go of good time
I couldn't let go of fun

Oh I, I got ego
Oh I, I got good time
Oh I, I got ego
Oh I, I got good time

Building a house without ceiling
Watching it fall as I go
I was so scared of the feeling
Hiding away the unknown
I couldn't let go of good time
I couldn't let go of fun
I couldn't let go of good time
I couldn't let go of fun

Oh I, I got ego
Oh I, I got good time
Oh I, I got ego
Oh I, I got good time

I don't want to mend my heart
I just want to fall
No, you won't break my walls
I, I want it all
I don't want to mend my heart
I just want to fall
No, you won't break my walls
I, I want it all
Oh I, I got ego
My generation go
