

Fall Fly

NONONO

Wash on over me
Over me like a sea
But if I give it up, give it up, give it up, give it up
And run
I'm losing time
Losing time

So all the roads lead back to this
What I have and what I miss
Ocean water rain wash ashore
Take this scattered heart of mine
Learn to fall and learn to fly
With my hope I know
Questions burn

Fall, Fall, Fall, Fall
Fly, Fly, Fly
Fall, Fall, Fall, Fall
Fly, Fly, Fly
Fall, Fall, Fall, Fall
Fly, Fly, Fly

Wash on over me
Over me to hurt the sea
But if I give it up, give it up, give it up, give it up
And hide
I lose the fight
Lose the fight

All the roads lead back to this
What I have and what I miss
Ocean water rain wash ashore
Take this scattered heart of mine
Learn to fall and learn to fly
With my hope I know
Questions burn

Fall, Fall, Fall, Fall
Fly, Fly, Fly
Fall, Fall, Fall, Fall
Fly, Fly, Fly
Fall, Fall, Fall, Fall
Fly, Fly, Fly

I swim out in the undertow
Calling out to the surface
I swim out in the undertow
Calling out to the surface
I swim out in the undertow
(All the roads lead back to this)
Calling out to the surface
I swim out in the undertow
(What I have and what I miss)
Calling out to the surface
I swim out in the undertow
(All the roads lead back to this)
Calling out to the surface

I swim out in the undertow
(What I have and what I miss)
Calling out to the surface
