

Human Being

NONONO

You're just a boy, but I am the fool me
You're just a boy, but I am the fool me
A fool me, a real human being

I feel you when I fear
You're stepping on my glow
Just to see how far it goes

If you wanna know I burn like a tree
Light yourself on fire!!!

And I'm losing all the time
I'm losing all this time

I'm losing all the time
I'm losing all this time

You're just a toy, but I'm made of
red blood
You're just a toy, but I'm made of
red blood, of red blood
A real human being

I feel you when I fear
You're stepping on my glow
Just to see how far it goes

If you wanna know I burn like a tree
Light yourself on fire!

And I'm losing all the time

I'm losing all this time
I'm losing all the time
I'm losing all this time
I'm losing all this time

Hey! I saved/ myself up!
I saved myself up!
I saved myself up!
I saved myself up!
I saved myself up!
I saved myself up!
I saved myself from fire!

I feel you when I fear
You're stepping on my glow
Just to see how far it goes

If you wanna know I burn like a tree
Light yourself on fire,

And I'm losing all the time

I'm losing all this time
I'm losing all the time
I'm losing all this time

I'm losing all this time
