

Hungry Eyes

NONONO

And I'm a song, I'm a song
I can't be read, I can't be drawn
In the radio noise
I shot it all

'Cause it's on fire, it's on fire
I don't wanna leave, I don't wanna fly
No, I feel like my place
Is right around there

'Cause we got HUNGRY EYES
We got HUNGRY EYES
We won't stop the fight, no, we won't back down
We won't crash, I know
Won't leave it and defeat this time around

And we got HUNGRY EYES
We got HUNGRY EYES
We won't stop the fight, no, we won't back down
We won't crash, I know
Won't leave it and defeat this time around

And I'm a bird, I'm a bird
I've been a tree stuck with a bee
I've cursed the telephone lines
And they are full of it

And it is time, it is time I screw the clock
I wanna fight
But if it's not the good one
I swear I won't lie

'Cause we got HUNGRY EYES
We got HUNGRY EYES
We won't stop the fight, no, we won't back down
We won't crash, I know
Won't leave it and defeat this time around

And we got HUNGRY EYES
We got HUNGRY EYES
We won't stop the fight, no, we won't back down
We won't crash, I know
Won't leave it and defeat this time around

And all dreams aside
Won't let go, won't stop for the upper hand
And all dreams aside
We will go and slowly fade to gray

We got HUNGRY EYES
We got HUNGRY EYES
We won't stop the fight, no, we won't back down
We won't crash, I know
Won't leave it and defeat this time around

We got HUNGRY EYES
We got HUNGRY EYES

We won't stop the fight, no, we won't back down
We won't crash, I know
Won't leave it and defeat this time around
