

# Our Time Is Now

NONONO

My hand in your hand  
Your hand in my hand  
My hand in your hand  
And your hand in mine  
Covering distances we couldn't find  
Your hand on my heart  
My hand on your heart  
This is the reason I keep moving on  
Though this life is cutting me down to the bone

I'm scared  
You're scared

But I'd rather be scared than not try at all  
Dying not knowing if I gave it all  
I'd rather be scared than in full control  
Not realising that  
Our time is now  
Our time is now  
Our time is now  
Ooh, our time

My hand in your hand  
Your hand in my hand  
My hand in your hand  
And your hand in mine  
Letting emotions unfold in time  
Your hand on my heart  
My hand on your heart  
I hear the beating so close to mine  
The rhythm is pushing me over the line

I'm scared  
You're scared

But I'd rather be scared than not try at all  
Dying not knowing if I gave it all  
I'd rather be scared than in full control  
Not realising that  
Our time is now  
Our time is now  
Our time is now  
Ooh, our time

Our souls yearning  
Has created this burning  
Our time is now  
And our hearts breaking  
Has created this aching will to live now

'Cause our time is now  
Our hurt is now  
Our pain is now  
Our choice is now  
Our love is now  
Our joy is now  
Oh, oh, oh

Our time is now  
Our time is now
