

## All Or Nothing Again

Nonpoint

Here we go again, saying things again  
You said you crossed your heart  
And we would start again  
But here we go again, here we go again  
Afraid of all the things that you don't understand  
So you try to point your finger with a blaming hand  
So here we go again, here we go again

You say I mean the world to you  
But do you care until the point of death?  
You say I'll be the death of you  
But I can point out all the parts you wrecked  
You say I mean the world to you  
But do you care until the point of death?  
Cause this is all or nothing  
All or nothing for me

Say it again, say it all again  
I need to hear it again, need to hear it again  
Can you say it all again, say it all again  
What's the verdict where do we stand  
I need to hear it again, can you say it again  
Can you say it all again, say it all again  
Here we go again, here we go again

You say I mean the world to you  
But do you care until the point of death?  
You say I'll be the death of you  
But I can point out all the parts you wrecked  
You say I mean the world to you  
But do you care until the point of death?  
Cause this is all or nothing  
All or nothing for me

All or nothing for me  
And or nothing for you

You say I mean the world to you  
But do you care until the point of death?  
You say I'll be the death of you  
But I can point out all the parts you wrecked  
You say I mean the world to you  
But do you care until the point of death?  
Cause this is all or nothing  
All or nothing for me
