

Buscandome

Nonpoint

What is the emergency?
Why are we moving so fast?
The questions you ask, they're too much for me.
If you don't know the answers,
well I don't think we can last.

The things you want to know about me,
are the things I already want you to know.
Or, things that I want you to find on your own.
How can that be wrong?

Yo soy lo que soy. (I am what I am)
No me voy. (I do not go away)
Buscandome. (looking for myself)

Should I explain what I'm trying to say?
Okay, here's how I feel in the nicest way.
Fuck you and everything that you believe,
you're supposed to know.
You deserve to know nothing.
Cause nothing's what you show!

The things you want to know about me,
are the things I already want you to know.
Or, things that I want you to find on your own.
How can that be wrong?

Yo soy lo que soy. (I am what I am)
No me voy. (I do not go away)
Buscandome. (looking for myself)

It doesn't matter if I'm wrong or if I'm right,
it only matters in the long run.
It doesn't matter how long the fight.
I'm fighting till I make this right for every one.
Only thing that matters is when we're done.

It's over and nobody's won.

Yo soy lo que soy. (I am what I am)
No me voy. (I do not go away)
Buscandome. (looking for myself)
