

Fix This

Nonpoint

It's all kind of a dream
Messed up dream
Messed up theme
And a messed up head
Stout in bed
Too much to drink
Not enough to eat
Food for thought processes
All the stresses
All the world
On my shoulders
On my chest and
On my mind and
On my conscience

There's a name for all of this
Ashamed in all of this
Done watching in disbelief
Done turning the other cheek
Doesn't seem right to me
But maybe this is how it's all supposed to be

You don't have to be below this
But you don't wanna make things right
You don't have to be alone on this
But you don't wanna make things right
You don't really wanna fix this

Carnivorous with a significant amount of serious
Oblivious with a sign if any amount of indifference
See, walls don't always protect from losing respect
From choosing a set
From cursing the name
Laying the blame
On my mind and
On my conscience

There's a name for all of this
Ashamed in all of this
Done watching in disbelief
Done turning the other cheek
Doesn't seem right to me
But maybe this is how it's all supposed to be

You don't have to be below this
But you don't wanna make things right
You don't have to be alone on this
But you don't wanna make things right
You don't really wanna fix this

You don't really wanna fix this
You don't really wanna fix this

You don't have to be below this
But you don't wanna make things right
You don't have to be alone on this
But you don't wanna make things right

You don't really wanna fix this

You don't have to be

Have to be, have to be, have to be

You don't have to be

Have to be, have to be, have to be

You don't have to be below this

But you don't wanna make things right
