

Golden Gloves

Nonpoint

Aye, yo
Pony boy gets the last laugh this time
Makin' fools out of everybody (Everybody)
Midas, every step, panhandlin' the rest
'Cause he needed it for blood money (Blood money)
Currencies, carats, unstable periodics
Conducive to a fault
They're hidin' underneath the surface
Knox-ious, hungry like a wolf
Half-fox, gold teeth, blood-soaked, red socks, yeah...

And golden gloves (Golden gloves)
Golden gloves (Golden gloves)
Golden gloves (Golden gloves)
Golden gloves, aah-aah

I'm giving gold standard
No begging, no candle
No getting untangled
No wedding ring chapel
No shiny green castle
No sidewalks gold
No lottery raffles
No stories unfold
No morals left to show
Poor and raging on the floor
We need Goldilocks to wake up
Goldie's got to go
No winners, no show
We got sinners at the door
We got killers at the ready
Fences to the shores, yeah...

And golden gloves (Golden gloves)
Golden gloves (Golden gloves)
Golden gloves (Golden gloves)
Golden gloves
(Golden, golden gloves) Golden gloves
(Golden, golden gloves) Golden gloves
(Golden, golden gloves) Golden gloves
(Golden, golden gloves) Golden gloves

We got killers at the ready
We got killers at the ready
We got killers at the ready
We got killers at the ready
Fences to the shores, yeah...

'Olden glo-, 'olden glo-
'Olden glo-, 'olden glo-

And golden gloves (Golden gloves)
Golden gloves (Golden gloves)
Golden gloves (Golden gloves)
Golden gloves (Golden gloves)
(Golden, golden gloves) Golden gloves
(Golden, golden gloves) Golden gloves

(Golden, golden gloves) Golden gloves
(Golden, golden gloves) Golden gloves

We got killers at the ready
