

# Heartless

Nonpoint

Joint's rusted  
Frozen from the rain  
Not stoppin' like I'm Noah  
And it's one of forty days wet  
Forgot the feelin' of swingin'  
But now, the metal is singin' a little rusty  
But it's all comin' back (Hey!)  
If I remember correct  
I gotta swing with the right, right?  
But lead with the left!  
And just like my beginnin's  
I'm good at makin' a mess and bringin' the stress  
Yeah, a little rusty  
But it's all comin' back (Hey!)

I'm playin' with lions, and tigers, and bears  
Witches on fire, no wizards that care  
'Cause I'm no citizen  
I'm not a citizen of Emerald City  
'Cause I'm no citizen  
I'm not a citizen of Emerald City

I got no horse of any color  
Got no mayor  
Got no any other kind of governance or leadership that I can trust  
I got no dude behind some curtain  
With an ego bruised and hurtin' from a lack of confidence and wanderlust  
I got no guns, but the bat stay strapped, yeah  
Don't need no funds, 'cause the bat stay strapped, yeah  
I might be heartless  
But the brain still snaps, yeah  
A little rusty  
But it's all comin' back (Yeah!)

I'm playin' with lions, and tigers, and bears  
Witches on fire, no wizards that care  
'Cause I'm no citizen  
I'm not a citizen of Emerald City  
'Cause I'm no citizen  
I'm not a citizen of Emerald City

Home is there to run away from  
(And I'm never goin' back)  
Yellow roads and poison flowers  
(Senses under attack)  
That have you fallin' asleep again  
(Wake up, wake up!)  
Ooh, a little rusty  
But it's all comin' back

I'm the one leavin' the blood-covered footprints  
On your pretty, yellow brick road  
I'm the one leavin' the blood-covered footprints  
On your pretty, yellow brick road  
A little rusty  
Ooh, a little rusty  
Ooh, a little rusty

Ooh, a little rusty  
But it's all comin' back

I'm playin' with lions, and tigers, and bears  
(Lions, and tigers, and bears)  
Witches on fire, no wizards that care  
(That's right, wizards)  
'Cause I'm no citizen  
(I'm not a citizen)  
I'm not a citizen of Emerald City  
'Cause I'm no citizen  
(I'm not a citizen)  
I'm not a citizen of Emerald City

'Cause I'm no citizen  
But it's all comin' back
