

## Bad Memory

Norah Jones

You give me a bad memory  
Only shows the good times we had  
Hides away all of the reasons  
Loving you always makes me sad

You are too hard to forget  
I'm drowning in regret  
Oh darlin' won't you let me free  
Used to dream about the past  
I'm running from it fast  
Don't ask about my history  
I can't let it be  
I've got a bad, bad memory

You give me an ache in my heart  
Everything reminds me of you  
Used to have a kind recollection  
Now every thing, every memory just makes me blue

You are too hard to forget  
I'm drowning in regret  
Oh darlin' won't you let me free  
Used to dream about the past  
I'm running from it fast  
Don't ask about my history  
I can't let it be  
I've got a bad, bad memory

You are too hard to forget  
I'm drowning in regret  
Oh darlin' won't you let me free  
Used to dream about the past  
I'm running from it fast  
Don't ask about my history  
I can't let it be  
I've got a bad, bad memory

I can't let it be  
I've got a bad, bad memory  
I can't let it be  
I've got a bad, bad memory
