

That's Life

Norah Jones

You get up, you fall down
You get up, you fall down
Down, down, down again

You wake up to sweet sounds
You forget, you calm down
Down, down, down again
Down, down, down again

That's life, that's life, that's life, that's life
That's life, that's life, that's life, that's life

You get lost, you get found
You find love, come unwound
Talk too much, hit the ground
You break up, you break down
Down, down, down again
Ooh, down again
Down again

That's life, that's life, that's life, that's life
Ooh, ooh, ooh
That's life, that's life, that's life, that's life
Oh, oh, oh
That's life, that's life, that's life, that's life
Ooh, ooh, ooh
That's life, that's life, that's life, that's life

Li-, li-, li-, li-, life, li-, li-, li-, li-, life
Ooh, ooh, ooh
Li-, li-, li-, li-, life, li-, li-, li-, li-
Li-, li-, li-, li-, life, li-, li-, li-, li-, life
Ooh, ooh, oh, oh
Li-, li-, li-, li-, li-, li-, life
Ooh, ooh-ooh
Ooh-ooh-ooh, ooh-ooh, ooh, ooh-ooh-ooh
Oh

Ooh, ooh, ooh
That's life, that's life
Ooh-ooh, ooh-ooh-ooh
Ooh, ooh, ooh
That's life, that's life
Ooh, ooh, ooh
That's life, that's life
Ooh, ooh, ooh
That's life, that's life

You get up, you fall down
Down, down, down again
