

We're gonna crash to the ground
We're heading faster than the speed of sound
I'm gonna tear it all down
It will be gone and never to be found

Won't give another piece of me
I'm as ready as I'll ever be

I gotta go
(Go, go, get away I don't care what others say)
I won't be home tonight
I gotta go
(Go, go, and away won't get back to yesterday)
Don't bother calling me you will be home alone
Tonight - I won't be home

I'm burning bridge after bridge
There's no surrender never looking back
Gotta be better than this
You wouldn't know it by the way you act

Don't need another reason to stay
And I can not stand another day

I gotta go
(Go, go, get away I don't care what others say)
I won't be home tonight
I gotta go
(Go, go, and away won't get back to yesterday)
Don't bother calling me you will be home alone
Tonight - I won't be home

We used to laugh now we only cry
It doesn't matter who is wrong or right
Thought it was a dream that would never die
(It doesn't matter if you're wrong it doesn't matter if you're right)
And now it's lost never to be found
(Now it's over now it's gone never to be found)
I'm living on the outside, dying on the inside
