

# Bread

Norma Tanega

Bread is a wonderful thing (bread is a wonderful thing)  
For the people and the starving birds (for the people and the s  
tarving birds)  
It can take away the hungry look  
It can buy you anything in the book  
I like bread

Bread comes in various bags (bread comes in various bags)  
It can make you feel so good (it can make you feel so good)  
It can really get you in a jam  
Let me tell you people where I am  
I like bread

Wonderful, break some bread with me  
Sparkle and break some bread with me  
Magical, break some bread with me

Edible, dependable bread (edible, dependable bread)  
For the people and the starving birds (for the people and the s  
tarving birds)  
Hear my mercenary overtone  
Don't forget to bring the bread on home  
I like bread

Wonderful, break some bread with me  
Magical, break some bread with me  
Sparkle and break some bread with me
