

# I'm Dreamin' A Dream

Norma Tanega

I'm dreamin' a dream  
Where love's the place  
I'm dreamin' a dream  
And always is the time

There's a game that you play  
And it's called love me true  
Love me hard but don't stay  
It's a part of the play  
While you hide from the sun  
You lie and then run  
You lie and then run

I'm dreamin' a dream  
Where love's the place  
I'm dreamin' a dream  
And always is the time

I have seen how your eyes  
Fill with hungry surprise  
At the song of some poet  
Who looked at the sky

I have seen in your face  
All the gone crazy dreams  
That are hidden down deep  
In your eyes fast asleep  
Like the tears you don't weep  
Like the love you're not in  
For love is a sin

I'm dreamin' a dream  
Where love's the place  
I'm dreamin' a dream  
And always is the time  
And always is the time
