

I'm The Sky

Norma Tanega

I'm the sky
Yes the sky 'cause I'm singin' my song in the wind
I can touch
Both your eyes with my smile 'cause I'm singin' my song

It's love
It's mine
It's yours
It's life
It's free
It's love
It's mine
It's yours
It's life
It's free

Long ago
I was blind and my mind couldn't see the world song
Every place
That I went I heard stillness of people alone

It's love
It's mine
It's yours
It's life
It's free
It's love
It's mine
It's yours
It's life
It's free

'Till one day
In the spring
Yes the springtime I saw everything
And I heard a small child laughing wild
And I heard children grow

It's love
It's mine
It's yours
It's life
It's free
It's love
It's mine
It's yours
It's life
It's free

When you grow
Into springtime you sing all the songs in your soul
In the air
You can feel all the life of the first living world

It's love
It's mine
It's yours

It's life
It's free
It's love
It's mine
It's yours
It's life
It's free

I'm the sky
Yes the sky 'cause I'm singin' my song in the wind
I can touch
Both your eyes with my smile 'cause I'm singin' my song

It's love
It's mine
It's yours
It's life
It's free
It's love
It's mine
It's yours
It's life
It's free

It's love
It's mine
It's yours
It's life
It's free
It's love
It's mine
It's yours
It's life
It's free
