

# No Stranger Am I

Norma Tanega

No stranger am I  
You enter my world  
I hear flowers sing  
No longer alone  
You enter my world  
Hear flowers with me  
Sing, Joyous

I feel the air  
I sing  
No unending time alone

No stranger am I  
You open my eyes  
I feel laughter bring  
No emptiness now  
You open my heart  
Feel laughter with me  
Bring joyous  
Indifference gone away  
No unending time alone

I feel the air  
I sing  
No unending time alone
