

# Good Lookin' Woman

Norman Greenbaum

You wanna have nice things, whoa, yeah  
Best friends with diamond rings, I said whoa, whoa, yeah  
You wanna drive a Cadillac car  
Wanna live the rich life  
Baby, baby, don't look far  
'Cause here I am, big-time spender

It's gonna take money to keep you around, baby  
It's gonna take money to keep you around, baby  
Worried 'bout the future? Babe, you can end it  
I got the money, I'm willin' to spend it  
On a good-lookin' woman  
Good-lookin' woman  
Good-lookin' woman  
Good-lookin' woman like you

You're a good-lookin' woman, whoa, yeah  
You're a front-page woman, said whoa, whoa, yeah  
You could be society's child  
If you give the right answer  
Baby, when you flash that smile  
You drive me wild and I got to have you

It's gonna take money to keep you around, baby  
It's gonna take money to keep you around, baby  
Worried 'bout the future? Babe, you can end it  
I got the money, I'm willin' to spend it  
On a good-lookin' woman  
Good-lookin' woman  
Good-lookin' woman  
Good-lookin' woman like you

Good-lookin' woman  
Good-lookin' woman

You wanna have nice things, say "oh yeah"  
All you got to do is come to me, I said whoa, whoa, yeah  
I'll give you everything you want  
I'll fill your heart's desires  
Baby, you just can't go higher  
'Cause I'm the last of the big-time spenders

It's gonna take money to keep you around, baby  
It's gonna take money to keep you around, baby  
Worried 'bout the future? Babe, you can end it  
I got the money, I'm willin' to spend it  
On a good-lookin' woman  
Good-lookin' woman  
Good-lookin' woman  
Good-lookin' woman like you
