

## Marcy

Norman Greenbaum

Are you shy? Are you afraid?  
Marcy knows you love her  
If you're shy, she will lead the way  
Marcy knows you love her

Marcy knows that she's takin' a chance  
Kissin' you like she is  
Kissin' you like she is  
But it's the only way to spark romance in you

You didn't try  
You didn't try

Are you shy? Are you afraid?  
Marcy knows you love her  
If you're shy, she will lead the way  
Marcy knows you love her

Marcy knows she can no longer wait (Oh no)  
You did not make your move  
You did not make your move  
You did not make your move and it's late

You didn't try  
You didn't try

Are you shy? Are you afraid?  
Marcy knows you love her  
If you're shy, she will lead the way  
Marcy knows you love her  
Are you shy? Are you afraid?  
Marcy knows you love her
