

Skyline

Norman Greenbaum

Skyline, fadin' away from me
I can no longer see
Skyline, no I'm goin' away
But I'll be back eventually
You know that I miss you
There's lots of things that I gotta see

I know, there are many things
Waiting for me
I know that these many things
Are waiting there for me
And I gotta see them
There's lots of things that I gotta see

Wait for me, wait for me, wait for me
I'm comin' to you
Wait for me, wait for me, wait for me
I'm comin' to you

Skyline, fadin' away from me
I can no longer see
Skyline, a thousand miles away
I'll be back eventually
You know that I miss you
There's lots of things that I gotta see

Wait for me, wait for me, wait for me
I'm comin' to you
Wait for me, wait for me, wait for me
I'm comin' to you

Comin' to you, skyline
Comin' to you, skyline
I'm comin' to you
I'm comin' to you
