

Interview

Norman Hutchins

We're here with Reverend Norman Hutchins!

And the song "Press Toward The Mark" was a song you originally wrote and recorded

Now was that the beginning of your recording career?

Yes, Andre. That was a big hit for West Angeles. Uh, that was S aints In Praise. Uh, and also the beginning of my solo career.

Reverend Hutchins, tell us what's unique about this album.

Well, what I love about this project is is that when we first t alked with JDI records, I shared with them the vision of doing a live record in a church as opposed to the studio and, uh, jus t roll the tape and just let the anointing fall and, uh, that's what we did.

And with you being a downhome preacher from North Carolina, tha t felt natural for you, didn't it?

It did, Andre. I think that's what made this recording so speci al. The anointing of God came in so until we forgot we were rec ording. Uh, we lost half of the choir, had to regroup, and star t again and, uh, and so we're excited about this. I believe it' s going to bless a lot of people.
