

I'd like to put an end to the world as we know it  
Hateful and helpless  
They say they're politicians but with no scars to prove it  
Filthy coins in their pocket  
I see their lives for what they are, crawling in the pit  
We've been told there's a flood for us  
And I will face it with open arms

All your visions are useless  
Washed out dreams for a fucked up generation  
All your visions are useless  
Washed out dreams for a fucked up youth

And I'm done looking over my shoulders  
Like there's something there to find  
In the depths of your eyes  
And I'm done tipping on my toes  
Too scared to realize what you've become  
What you've become!

Your bloody coins fill your bursting pockets  
I'd like to push them all the way through your eye sockets  
Because your fortress grows deep, and your greed never sleeps  
I'll fill your fucking coffin with the corpses you reap!  
What is the greatest sin? What is the greatest sin?  
What is the greatest sin? What is the greatest sin?

Hope

All your visions are useless  
Washed out dreams for a fucked up generation  
All your visions are useless  
Washed out dreams for a fucked up youth

And I'm done looking over my shoulders  
Like there's something there to find  
In the depths of your eyes  
And I'm done tipping on my toes  
Too scared to realise what you've become

I'm done! Done~ done~ woah  
I'm done with taking orders!  
I'm done with living lies! Done~ done~ woah  
I'll take down all these borders!  
I will be your demise!
