

Hurts Like Hell

Normandie

I got a confession, I broke into heaven
Now you got me drowning in your ocean eyes
I'm givin' in to the feeling
Like a passenger in my head, headed for demise

I'm drinking the poison, we're playing a losing game
Picking a battle with the butterflies
I'm bleeding out on the carpet
But when you say it loud, I'm forgetting the pain

Three words and I'm in this forever, forevermore

When it hurts like hell but it feels like heaven to touch
When it hurts like hell but it feels like heaven to touch

With every whisper and every choking word
They're keeping me crawling to you every time
I'm burning up from the fever but I can't get you out of my veins
Oh, I love the lie

Three words and I'm in this forever, forevermore
Three words and I'm in this forever, forevermore

When it hurts like hell but it feels like heaven to touch
When it hurts like hell, yeah it hurts but I can't get enough of it
See the irony?
You're the venom and the only medicine
Yeah, it hurts like hell but it feels like heaven to touch

You put a knife in my heart and I'm loving you more
Blood on my hands but I can't get enough
A knife in my heart and I'm loving you more
Blood on my hands but I can't get enough

I can't get enough
I can't get enough

Three words and I'm in this forever, forevermore
Three words and I'm in this forever, forevermore

When it hurts like hell but it feels like heaven to touch
When it hurts like hell, yeah it hurts but I can't get enough of it
See the irony?
You're the venom and the only medicine
Yeah, it hurts like hell, yeah it feels like heaven to touch

It hurts like hell
It hurts like hell

It hurts like hell
It hurts like hell
