

Loop Hole

Normandie

I've been giving it time
'Cause you left a big hole in my heart
And I feel so incomplete
Now all my nights are filled with sin
And all my days I scratch my skin
Don't care who I offend, I'm gonna do it again

I fell in love with a loop hole
Day after day, I just keep pretending
You can tear down the castle
Stuck on repeat but at least I'm standing

Empty glass and an empty heart
I never thought it was gonna be this hard
I left my moral at the door
Now all my nights are filled with sin
And all my days I scratch my skin
Don't care who I offend, I'm gonna do it again

Don't tell me what I'm supposed to do
Just know that
I fell in love with a loop hole
Day after day, I just keep pretending
You can tear down the castle
Stuck on repeat but at least I'm standing
(Woah~) Never gonna give a damn about it
(Woah~) Stuck on repeat, but at least I don't quit

I've been giving it time
'Cause you left a big hole in my heart
And I feel so incomplete
Now all my nights are filled with sin
And all my days I scratch my skin
Don't care who I offend, I'm gonna do it again, woah~

I fell in love with a loop hole
Day after day, I just keep pretending
You can tear down the castle
Stuck on repeat but at least I'm standing
(Woah~) Never gonna give a damn about it
(Woah~) Stuck on repeat, but at least I don't quit
Yeah, stuck on repeat, but at least I don't quit
I've had enough of your bullshit!
