

Big Boy

Normani

Kickin' and coolin', bad lil' bitch, told 'em stick it and move it
Thicker than smoothies, only ever see this type of shit in the movies
Only ever see this type of shit once in your life, so don't get caught up on
it

Cornbread, fed boy, boy I'm brought up on it
They ain't really want it 'til they saw us on it
Some different shit, they ain't on this shit
Now they caught up on it
I don't really blame him 'cause that ass on that bad bitch is fat as a bitch
Bling, bling blow, he like, "What's that on your wrist?"
Bling, bling, blow, that's all them "platinum" hits
Bling, bling blow, that's all that Billboard shit

Just that big boy, used to bump that Andre and that Big Boi
Small change, turn them small pieces into big boys
Blicky make a nigga sit the fuck up
Like a big boy, small change, turn them small pieces into big boys
Blicky make a nigga, sit the fuck up
Like a big boy, small change, turn them small pieces into big boys
Blicky make a nigga, sit the fuck up
Like a big boy, small change, turn them small pieces into big boys

Roll up on it, pimpin' like C, I was brought up on it
Nigga mad at me, throwin' soda up on it
Pussy good but please don't get caught up on it
I don't really blame him 'cause that ass on that bad bitch is fat as a bitch
Bling, bling, blow, he like, "What's that on your wrist?"
Bling, bling, blow, that's all them "platinum" hits
Bling, bling, blow, that's all that Billboard shit

It's just that big boy, used bump that Andre and that Big Boi
Small change, turn them small pieces into big boys
Blicky make a nigga sit the fuck up
Like a big boy, small change, turn them small pieces into big boys
Blicky make a nigga, sit the fuck up
Like a big boy, small change, turn them small pieces into big boys
Blicky make anigga, sit the fuck up
Like a big boy, small change, turn them small pieces into big boys

Mmm, shawty know she thicker than a snicker
Messin' up her ego with the liquor
Her nigga be callin', she don't pick up
I don't really blame 'cause the ass on that bad bitch is fat as a bitch
Bling, bling blow, she like, "What's that on your wrist?"
Bling, bling, blow, that's all them "platinum" hits
Bling, bling blow, that's all that Billboard shit

Just that big boy, used to bump that Andre and that Big Boi
Small change, turn them small pieces into big boys
Blicky make a nigga sit the fuck up like a big boy
Small change, turn them small pieces into big boys
Blicky make a nigga sit the fuck up like a big boy
