

Candy Paint

Normani

Bank roll thumbin', baby, you know how I'm comin'
Booty on bubonic and I move it how I want it
Big girl shit, baby, I don't do no runnin'
I can make it boom-boom clap like I'm drummin'

Shake it, make it tick-tick-tick, ba-dum-bumpin'
Shake it, make it tick-tick-tick-tick, ba-dum-bum-bumpin'
Whippin' shit, I could turn nothin' into somethin'
Pop it, make it tick-tick-tick, ba-dum-bum-bumpin'
I can make your nigga hit the race if I wanted
Baby, I could take your place if I wanted
I could hit the bank and spend this cake if I wanted
Told me I could put the diamonds on them face if I wanted

If you let me take him, you might never get him back
I'm a baddie and I don't know how to act
Booty candy painted with the diamond in the back
It's too bad your nigga don't know how to act
When I'm finished, baby, you can have him back
Mm-hmm, baby, you can have him back
Booty candy painted with the diamond in the back
It's too bad your nigga don't know how to—

Act 'round the baddest
He used to average
Don't know what bad is
I'll show you bad
I took my wrist, AP'd it up
I took my neck and freezed it up
I took my whip to speed it up
I need a nigga to beat it up while I'm

Shake it, make it tick-tick-tick, ba-dum-bumpin'
Shake it, make it tick-tick-tick-tick, ba-dum-bum-bumpin'
Whippin' shit, I could turn nothin' into somethin'
Pop it, make it tick-tick-tick, ba-dum-bum-bumpin'
I can make your nigga hit the race if I wanted
Baby, I could take your place if I wanted
I could hit the bank and spend this cake if I wanted
Told me I could put the diamonds on them face if I wanted

If you let me take him, you might never get him back
I'm a baddie and I don't know how to act
Booty candy painted with the diamond in the back
It's too bad your nigga don't know how to act
When I'm finished, baby, you can have him back
Mm-hmm, baby, you can have him back
Booty candy painted with the diamond in the back
It's too bad your nigga don't know how to—

Handle me
Sweet just like candy
Sweet, sweet
Taste just like candy
Handle me
Sweet just like candy
Sweet, sweet

Taste just like candy

If you let me take him, you might never get him back
I'm a baddie and I don't know how to act
Booty candy painted with the diamond in the back
