

Little Secrets

Normani

You say you got a new girl around
But I can get it if I want, automatic
But I don't want it, she can have it
I can't miss it if I already had it
Yeah, I heard she been talking down
Promise, baby girl, you don't want this static
I snap my fingers make it happen
I can have it if I want like it's magic

Oh, let me up, let me up, let me up, let me up
Let me up, let me upstage your bitch, uh
Let me up, let me up, let me up, let me up
Let me up, let me upgrade your shit

Now tell me, who you know dripping like this?
Who you know standing like this?
Who you know thinking like this? (ooh ooh-ooh)
Moving on you like this
Ooh, you know you like this
Boy, you know you like this
(Ooh ooh-ooh, na, na, na)

Baby, I ain't hiding (Na, na, na, na)
But you know where to find it (Na, na, na, na)
I know how you like it
(Ooh, ooh ooh, ooh)

I'm in the mood, I'm a mood
Baby, I might have to turn up the judging
Thought you knew me, life's a movie
Making me sit, it's almost cinematic
I heard she been talking loud
Calm it down, we can skip the dramatics
'Cause baby girl, I'm not the enemy
But if you bring that energy, I can match it

Oh, let me up, let me up, let me up, let me up
Let me up, let me upstage your bitch, uh
Let me up, let me up, let me up, let me up
Let me up, let me upgrade your shit

Now tell me, who you know dripping like this?
Who you know standing like this?
Who you know thinking like this? (ooh ooh-ooh)
Moving on you like this
Ooh, you know you like this
Boy, you know you like this
(Ooh ooh-ooh, na, na, na)

Baby, I ain't hiding (Na, na, na, na)
But you know where to find it (Na, na, na, na)
I know how you like it
(Ooh, ooh ooh, ooh)

Come in my way, no
Can't get caught in a zone
Playing your games, oh no

I played these games for too long
She must not know, but you know
I can do bad on my own
She must not know, but you know
Just how I get when I get in the zone

Oh, let me up, let me up, let me up, let me up
Let me up, let me upstage your bitch, uh
Let me up, let me up, let me up, let me up
Let me up, let me upgrade your shit

Now tell me, who you know dripping like this?
Who you know standing like this?
Who you know thinking like this? (ooh ooh-ooh)
Moving on you like this
Ooh, you know you like this
Boy, you know you like this
(Ooh ooh-ooh, na, na, na)

Baby, I ain't hiding (Na, na, na, na)
But you know where to find it (Na, na, na, na)
I know how you like it
(Ooh, ooh ooh, ooh)

Oh, let me up, let me up, let me up, let me up
Let me up, let me upstage your bitch, uh
Let me up, let me up, let me up, let me up
Let me up, let me upgrade your shit
