

Pray for peace
Pray for, pray for peace
It's a prayer for peace
Pray for peace

Look back on the crossroads, and seeing in our grandfathers lives
(Pray, pray, pray, pray, pray for peace)
That a change has come and gone, we're not any more wise
Make me want to holler, make me want to moan
(Prayer for peace, it's a prayer for peace)
(Pray for peace)
(This is a prayer for peace)

I hate to think our grandmothers would be broken hearted
(Pray, pray, pray, pray, pray for peace)
To see their children's children right back where we started
(Prayer for peace, it's a prayer for peace)
Make me want to holler, make me want to moan
(Hmm hmm hmm, hmm hmm)

We'll thank heavens for a change I've seen in my lifetime
Our children are teaching us to be ever more color blind

Color blind, color blind, color blind
Wish we could be color blind
Color blind, color blind, color blind
Wish we could be color blind
Color blind, color blind, color blind
Wish we could be color blind
Color blind, color blind, color blind
Wish we could be color blind

Thank heavens for a change I've seen in my lifetime
Our children are teaching us to be ever more color blind

(Pray for peace, it's a prayer for peace)
Let us pray together
(Pray for peace, it's a prayer for peace)
Let us pray together
(Pray for peace, it's a prayer for peace)
Let us pray together
(Pray for peace, it's a prayer for peace)
Let us pray together
(Pray for peace)
Let us pray together
