North Point Worship

Surrounded, I'm founding
The kindness of your love
Awe struck in wonder
My heart is over come
You carried the weight
Of all my shame
With thorns on your head but
Forgiveness in your eyes
You said it was finished
Then you gave up your life
Once and for all
The chains of my past are gone

I'm changed, I'm changed
I'm not who I used to be
I'm saved, I'm raised
Out of the grave that once held me
By the power of your love Jesus
All because of what you've done
Forever, I'm changed
Forever, I'm changed

What a mystery, what a mercy
That you would call my name
Out of my darkness I'll never be the same
How could it be?
Oh, I have been set free, yeah

I'm changed, I'm changed
I'm not who I used to be
I'm saved, I'm raised
Out of the grave that once held me
By the power of your love Jesus
All because of what you've done
Forever, I'm changed
Forever, I'm changed

Grace, grace, your amazing grace
Wash my sin away
I'll never be the same, oh
Grace, grace, your amazing grace
Wash my sin away
I'll never be the same, no, oh no

I'm changed, I'm changed
I'm not who I used to be
I'm saved, I'm raised
Out of the grave that once held me
By the power of your love Jesus
All because of what you've done
It's by the power of your love Jesus
All because of what you've done
Forever, I'm changed
Forever, I'm changed
Oh, forever, I'm changed
