Northern Lite

This is my home
Right where I belong
Even though I have not been here for so long
This is my home
Right where I belong
I only have to stay for a while and all my trouble's gone
Mmm, yeah, my home

This is my home
This is where I come from
This is where I want to be
Oh, when my time has come
This is my home
It's still here when my hope has gone
A place where I can be
The way I want to be
This is my home

Right where I belong
I only have to stay for a while
And all my trouble's gone
This is my home
Right where I belong
Even though I f*cked things up again
I'm gonna get along

This is my home
This is where I come from
This is where I want to be
Oh, when my time has come
This is my home
It's still here when my hope has gone
A place where I can be
The way I want to be
