

# Nowhere

Northern Lite

Nowhere I found hope  
No one seemed to cope  
I've always been too late  
Call it twist of fate

If you ever learn  
You will not return  
I tried to understand  
I tried and tried again

Nowhere is my home  
Nowhere I'm alone  
Nowhere I'll be fine  
Nowhere down the line  
I got nowhere to stay  
Nowhere down the way  
God will not repay  
With the devil on my side I feel ok

Nowhere I can hide  
In my darkest night  
And when I shut the light  
There's no one by my side

If you ever learn  
You will not return  
I tried to understand  
I tried and tried again

Nowhere is my home  
Nowhere I'm alone  
Nowhere I'll be fine  
Nowhere down the line  
I got nowhere to stay  
Nowhere down the way  
God will not repay  
With the devil on my side I feel ok
