

# Some Time Soon

Northern Lite

Some get all the money  
And some want love  
But whatever they try  
It seems you can't have both  
Try to be a wise man  
But I'm just a fool  
Like I've always been  
A fool for you

And now I fly like a bird  
Home to roam  
I'll meet you there  
Sometime soon  
The fire burns  
To heat my soul  
Meet you there  
Sometime soon  
Life is just a dream  
And so I wrote down this song  
'Cause when I wake up

It might be gone  
Soon the party's over  
The lights all go out  
But for tonight  
It feels alright  
'Cause when I wake up  
It might be gone  
But tonight  
Feels alright

I fly like a bird  
Home to roam  
I'll meet you there  
Sometime soon  
And now I fly like a bird  
Home to roam  
I'll meet you there  
Sometime soon  
The fire burns  
To heat my soul  
Meet you there  
Sometime soon
