

Kill Eat Repeat

Not Enough Space

There's no escape from this hell I've created
My mind is so fucking jaded
Please God have mercy on my soul
There's nothing you can do to put me back down that hole

Nothing ever seems to work for me
My whole life turns into gruesome depravity
So sick of these patterns
Don't convince me that I ever mattered
You slimy bastard
Kill eat repeat
You're nothing but a fucking hypocrite
Fuck

There's no escape from this hell I've created
My mind is so fucking jaded
Please God have mercy on my soul
There's nothing you can do to put me back down that
Hole
Put me back down that hole
Eaugh

You sit on your throne past the pearly gates
What's the point if you dictate who gets in anyways
Self serving, righteous prick
Why don't you pray on your knees and suck this dick
Kill eat repeat
Kill eat repeat
Kill eat repeat
Kill eat repeat

There's no escape from this hell I've created
My mind is so fucking jaded
Please God have mercy on my soul
There's nothing you can do to put me back down that hole
Kill eat repeat
Kill eat repeat
