

New Age Cannibal

Not Enough Space

Bow for the queen I'm the new age cannibal

Loving the way, the virus takes over
Here me out, come a little closer
I need a taste, feel my blood getting colder
Kinda hungry, better let me feed now

Tearing through the scene, looking for the next victim
Try to be discreet, but I love the way they scream out
Flossin out my teeth, keep it clean
(I'm still a lady now)
Bow for the queen I'm the new age cannibal
(Bow for the queen I'm the new age cannibal)

In the fallout
Keep begging for your life
When the sun's down
Won't last another night

(New age cannibal)

When you disobey
I'm gonna rip you to shreds
Burn it all down count the falling heads
Going insane
I'll tear the world apart
With your flesh at the start

In the fallout
Keep begging for your life
When the sun's out
Won't last another night
You can run, can't hide
The face you left behind
In the fallout
You'll never be, never be the same

(Slay)
I'm a fucking baddie, mess with me
You'll get chopped into yesterday
Rip your fucking spine out like a flesh filet
Cause you're the guest of honor
And God damn you taste so good
(Bow for the queen I'm the new age cannibal)

In the fallout
Keep begging for your life
When the sun's out
Won't last another night
You can run, can't hide
The face you left behind
In the fallout
You'll never be, never be the same

(New age cannibal)
