Looky, looky girl, why you look man?
Come here, come here, come boom bam
Come here, come here, consume man, like
Sacrebleu, got bagga woman
Deluxe suite, we at the Savoy
I'm in new Chane', -ne' like, "Woi, oi, oi"
I can see the boydem, see the boy, oi, oi
I'm superstitious, five-car convoy

Check to neck like Frozen 2
Elsa's hand be frozen too
Ain't vain but we don't bleed the same
Bloodline of mine is royal blue
At the club, my bros in the booth
With tings in the booth, told truths in the booth
I heard a herd of girls with were queuing the block
Told one plus three, didn't say, "Bring a crew"
Flavors for the night, three-five, or a Q
Pop out surprise, Casper, peek-a-boo
Form switch through seasons, Majin Buu
Girl make all that thickness look cute
Girl make all that slimness feel huge
'Cause you're groundbreakin' in the room
Neck breaker in the streets
Stay stuck up on your wave

Ride on it, go stupid
Whine that waist and loose it
A plus brain, not a stupid girl
Archin' type, Cupid girl
Mega dream like lucid girl
So much juice, she rock the world
Rolex wet, mother of pearl
Clockwise glidin' freely, girl
