

(Quincy tell 'em)

I'm gettin' used to this, the man I'm becomin'
The notes that be comin' in, I could get used to this
Well that's a lie 'cause I'm increasin' the sum again
Not3s immune to this, this flow's the stupidest
Yeah, you can scrutinise, I'll still be stupid rich
This lifestyle worth gettin' used to
First class, new view
Peng tings, they want to be seen to, tell 'em, "Go see me on YouTube"
You wanna see me in flesh but I'm not much of a raver
You wanna party with me? (Me), you might have to sign a waiver
Knew what it was when I came for this
Come like the stackers been left with the gym, that's the way I make paper f
lip
Upsuh, upsuh, upsuh, we really make those paper trips
Boothin', boothin', boothin', I really made those major hits
Make a grown girl know if she fuck with the kid, then this ain't no basic di
ck
Ain't no average, I been the gyal dem favourite, ahh
The way that my neck shine, she wan' give me neck shine as a compliment
Better luck next time, I'm on the next flight out the continent, ahh

Live life to the highest of heights
Side bitch to the left and right
They're both on it tonight, yeah
We high, floatin', head in the sky
Side bitch to the left and right
They're both on it tonight

OT trips in the Sprinter (Sprinter), Don Julio for the liquor
Got her takin' off her knickers, drop top, top down in the winter
Can't sleep well with vio's, they're due to get hurt
Kill 'em with silence, the perfect weapon
I was that boy that didn't see a L before, 'til them pussyholes started to e
nvy
All now, they should regret the day they did, they shoulda ended me
'Cause nothing's worse than bein' a rich nigga's enemy
Dirty laundry gettin' clean, hate man with no felonies, yeah

While I catch a flight and live life to the highest of heights
Side bitch to the left and right
They're both on it tonight (Yes)
We high, floatin', head in the sky
Side bitch to the left and right
They're both on it tonight
Live life to the highest, the highest
Side bitch to the left and right
They're both on it tonight (Yeah, yeah)
We high, floatin', head in the sky
Side bitch to the left and right
They're both on it tonight (Yeah, yeah)

Oh, they're both on it tonight
They're both on it tonight (Yeah, yeah)
Side bitch on my left and right, yeah
On it tonight (Yeah, yeah)
