Not3s

Yeah yeah yeah
Anywhere you wan' go, I'll take you there
With no fare
We can dine uptown let's go
Mayfair I don't fear If they caught us 4k they can all stare
Make 'em get a chair
Sit back down when we enter here

Don't rush
Don't touch
My babe you don't wanna get boxed
Said what I said so what
End of sentence full stop
I came up from a block
Where I learnt who's for what
Who not and who to love

Give me all the things you claim you have to offer
I can see you're sweet girl I can tell your proper
I can be your super undercover lover
If you give me all the things you claim you have to offer
Gimme all the thing that you might

(Offering, offering)
I can't say no when your involved
(Offering, offering)
Though I ain't sold my soul somehow you have a hold
(Offering, offering)
Sacrifice is made just so the love is shown
(Offering, offering)

Them guys wanna be 3
They can't join in so they compete
Don't swing that way no way you can beat
Defeating me no be easy
Been a big boy in a big league
Premiership made my own team
Plenty tings about they wanna see me
Tell 'em turn on all their TVs
Probably there on MTV
They miss this she blows kisses leaving lipstick on a clean screen
Making wishes on a genie
Sweet one got her own Ps
Never tryna leave me lonely
Anytime you can phone me
I ain't ever been phoney babe you know me, yeah

Give me all the things you claim you have to offer
I can see you're sweet girl I can tell your proper
I can be your super undercover lover
If you give me all the things you claim you have to offer
Gimme all the thing that you might

(Offering, offering)
