

One More Time

Not3s

We live that life where we ain't gotta check the price
She catch real spice when her hands tangled in my ice
I've seen your man, he's out here tryna earn some stripes
Come hit me one more time, baby, hit me one more time

Yo, look, di-diligent
Really know mix, I'm militant
The girls wanna grab me, imminent
Tell Big Steve get rid of them
Thick thighs and her skin-tone cinnamon
All my opponents, I'm billin' 'em
Promoters want me for a headline?
I'ma need a quarter, minimum
Yeah, element
Drink in my hand, that's Element
Go check the stats, I'm tellin' 'em
First week's not 10K? Bro, you're irrelevant
Don't follow rules I'm a renegade
Mix Magnum with my lemonade
I do not date, I don't serenade
I'm around sauce like Ella Mai
Aj' came through with a army
But we don't beef for punani
Big back, Barbie, foreign, Favi
Had to put spikes on my Carti'
Went from a push bike to a 'Rari
Went from a ridgeback to a Lambo'
I'm around whips like Django

We live that life where we ain't gotta check the price
She catch real spice when her hands tangled in my ice
I've seen your man, he's out here tryna earn some stripes
Come hit me one more time, baby, hit me one more time
One more time, baby, hit me one more time
One more time, baby, hit me one more time
One more time, baby, hit me one more time
No, you ain't mine but come hit me one more time

Not3s and AJ mash up the board
Like Jordan and Scottie Pippen
Savage to left and Baddie into right
And they play their position
She got blood on her heels
Not an ordinary Christian
Got my ish in her throat
And her chest, I keep on digging
Yeah, the islands where we're hitting
Making Ps while overseas
Where the temperature is risen
Push pendant, always driven
They pree, guys want mine, girls want me
All of my ladies saucy
Like Lori Harvey
Ain't one typical shawty

We live that life where we ain't gotta check the price
She catch real spice when her hands tangled in my ice

I've seen your man, he's out here tryna earn some stripes
Come hit me one more time, baby, hit me one more time
One more time, baby, hit me one more time
One more time, baby, hit me one more time
One more time, baby, hit me one more time
No, you ain't mine but come hit me one more time
