Not3s

You know my one and only
Girl, you know that you're my one and only, yeah
There's no other girl by side
'Cause you're my one and only

They ain't got a similar smile
You're the brightest in the darkest of clouds
Even when they rain pouring down, you stay up

Every single time I'm with her, got me feeling like I'm blessed
Her light pretty princess

But she still screws if a man try pree

Your presence a gift to me, that's the truth
Break up, I break down, roll through my town
There's tings still around, still I'm lonely
I'm here just wishing you'll phone me
