

Start Me Up

Not3s

She make it hard for me to speak
Her brain deep, baby, got them strong knees
Learned every angle of her body
Big mission when in missionary
Full tank, I ain't ever empty
No halloween, not a trick, only treats
Take time when you slide pon da D
Hit the spot, you won't ever wanna leave

Jeje na jeun
I said, "Jeje na jeun"
I said, "Jeje na jeun"
I said, "Fenfen ne fe o"
I said, "Jeje na jeun"
I said, "Jeje na jeun"
I said, "Jeje na jeun"
I said, "Fenfen ne fe o"

Yeah, start me up (Woo), catch a vibe
Set the mood, dim the lights
You give me lovin', give me lovin' all the time (Yeah)
You give me lovin', give me lovin' all the time (Oh)
Start me up, catch a vibe
Set the mood (Yeah), dim the lights (Yeah)
You give me lovin', give me lovin' all the time (Oh)
You give me lovin', give me lovin' all the time (Oh)

Eye chocolate, not eye candy
It's sweet how you be
You're sweeter with me
Anywhere we go, they noticin' we
Everything's free when you're rollin' with 3
It's pure fluid anytime I flick on her bean
And your brown ain't cheap, paradise Hennessey
Criminally smooth, how I handle a beat
Michelin star when I take her to eat
I'm way too blessed
Ray Charles to the stress
It's peak
I don't ever rest
I, get notes, so why must I vex?
Plenty of baddies wan caress my neck, yes
She give me love and respect
I ain't touch yet but her kitty wet (Prr)
Time glass how her body curves
It's absurd, yeah

Jeje na jeun
I said, "Jeje na jeun"
I said, "Jeje na jeun"
I said, "Fenfen ne fe o"
I said, "Jeje na jeun"
I said, "Jeje na jeun"
I said, "Jeje na jeun"
I said, "Fenfen ne fe o"

Yeah, start me up (Woo), catch a vibe

Set the mood, dim the lights
You give me lovin', give me lovin' all the time (Yeah)
You give me lovin', give me lovin' all the time (Oh)
Start me up, catch a vibe
Set the mood (Yeah), dim the lights (Yeah)
You give me lovin', give me lovin' all the time (Oh)
You give me lovin', give me lovin' all the time (Oh)
Start me up, catch a vibe
Set the mood (Yeah), dim the lights (Yeah)
You give me lovin', give me lovin' all the time (Oh)
You give me lovin', give me lovin' all the time (Oh)
Start me up, catch a vibe
